Principal's Message

As long as our ideas are expressed and thoughts kindled we can be sure of learning, as everything begins with an idea." My dear Parents, Teachers and Students, I was always attached to the thought Home is the first school and School is the second home. In fact, today it has come true. COVID 19 has altered our life including our school system, teachers, children and parents.Our homes have become school and parents have become teachers too. Unimaginable! In variably it is happening. It's a fact we have to live with it now whether we are rich or poor, far or near. E-learning has emerged as the best way of imparting education. It gives me a great joy to meet you all though this e-magazine a great way to communicate and be creative. Enjoy our magazine as we move on with our lives. I thank all who contributed to this endeavour. Be assured that the Management, teaching and non-teaching faculty of the school is working towards making this lockdown a meaningful and fruitful one. We will leave no stone unturned in educating our Kilbil family. I remain grateful to all the parents and well-wishers for your priceless support and cooperation at this moment. My sincere advice to all the students - Do not lose HOPE. Concentrate on the Silver lining amidst the thickest and darkest cloud at present times. We, at Kilbil St. Joseph's school, hope to see you all soon - refreshed and rejuvenated.

Till then SPARK A LIGHT - ILLUMINATE THE WORLD.

Sr. Flora UMI Principal Kilbil St.Joseph's High School,Nashik

Manager's Message

Dear Parents, Teachers and students, "Good habits shape your future" I am reminded of a little piece of wisdom from the life of Felice Leonardo "Leo Buscaglia" known as "Dr. Love". There was a strange system in his family. At the end of each day, after everybody sat around the dining table, the father would ask each one, what they had learnt from the day. So each one had to share something that they had learnt on that day and only then they could eat. So in case anyone of them in the family said, "No, today I learnt nothing", it seems the father used to say, "Let everything remain on the table, come lets go and open the encyclopaedia. Let's learn something and come back to the table and only then we shall eat." Leo used to think that he was a cursed child of a bad father who did not allow him to enjoy his dinner and rather demanded that he would have to tell him what he learnt on that day. As life moved on, Leo became a motivational speaker and a professor in the department of Special Education at the University of Southern California. Today, when he listens to the standing ovation of lakhs of people for his excellent performance, he says, "But one thing has not changed; when I brush my teeth, and I come to the bed and lie down, I can still hear Papa ask me, 'Felice, what have you learnt for the day?'" All great people have a history of discipline and cool habits Yes, good habits shape your future. Keep learning something every moment. As infants, we're presented with a strange new world to discover. And with nothing else to do, we dive in head first, devoting all our time to learning how to use our five senses. At first we appear completely hopeless, not even realizing that our arms and legs are parts of our body. But soon enough, we start figuring some things out. Within a few months, we learn how to recognize faces better than a computer can. COVID 19 too taught us new learning. Right now, we see ourselves collectively facing this pandemic, a situation for which we had no experience and very little preparation. And, at this time when the whole world is battling against it, Kilbil St. Joseph has added another feather to its cap; the E-Magazine, to provide a platform to our students to bring out their creative thoughts and expressions. My hearty congratulations and appreciations to the Principal and the teachers for their untiring effort in moulding the young minds and bringing Kilbil St. Joseph to its zenith. I also extend my heartfelt gratitude to all the parents for their continued support to our Institution and its endeavours. Dear parents, you have, indeed, walked an extra mile to ensure that your children make the best use of their time. I pray that you and your children would enjoy the journey as you sail through this enchanted ocean of brilliance. I wish you all a happy and grace filled days ahead.

May God Almighty keep us safe and healthy.

FROM EDITORS DESK

It is a matter of great privilege and immense pleasure for me to announce the publication of the
E- magazine of our class XC for the academic year 2020-21. This pandemic year has been full of challenges and impediments but Kilbil St. Joseph's high school stands for excellence and thus made all efforts to fill this void to unleash the unparalleled innovative ideas of our young minds.

The most striking facet of this magazine would be a reflection and showcasing the diversity of minds , thoughts, creativity, arts, skills etc of the young minds of our class. We at kilbil St Joseph's High school lay special emphasis on both curricular and extra curricular activities providing our students an edge over others and to live a life of highest importance characterized with devotion, dedication, discipline and determination. This magazine is an attempt to bring out the best talents of our students and highlight their writing skills to the best.

I would like to express my heartfelt gratitude to our principal, Sr Flora for providing us this unique opportunity and to create this beautiful piece of expression. The incessant assistance and sincere efforts of my students of XC in breathing life into this gazette is really praiseworthy. I am sure this magazine will bring out the best potential of my students and encourage many more students to express their creativity to the fullest.

I would like to express my sincere gratitude to the editorial team of XC for all their tireless efforts and dedication towards this venture.

"Clutches of a situation are unable to hold a human brain and to defeat a person's hope".....We, from the last 9 months, are persisting with all our hope and our fighting a devil named 'Corona'. All of us are bored and are badly willing to come and explore our surroundings, but the circumstances are not allowing us to. Well, mankind has never lost a priceless thing called hope right from the time it initiated to exist on this planet, and will not in the future too.

Looking back onto our memories, as a natural inclination without any explanation, our school stands in front of our eyes. Our supportive teachers, staff and our lovely and rejuvenating friends. Well, we ought to bring all that to you virtually through the medium of this online e-magazine. "Every situation seeming unfavorable can prove to be a blessing in disguise." Today, meeting physically is not possible, but we bring this magazine to you in the hope that it would surround a feeling of 'normality' into your vicinity. This magazine is a comprehensive effort of all the students in this time of crisis and would surely make you comprehend our message, and that is, 'Fear not, for nothing can defy the law of change'.....

Editor's Desk

Dear Readers,

You have on your screen "KILBIL CHIRPS" – Kilbil ST. Joseph's High School's official E-MAGAZINE! We have put in our best efforts making it sure that this magazine enables you to pack up your schoo bag with a number of recollections of your school. I would like to thank our Pricipal Sr. Flora , Renu tr. And all the staff for bestowing upon us this great responsibility .This E–Magazine is a compilation o a kaleidoscope of ideas put in by our fellow mates. This year ,we are starting the DIGITAL EDITION of our articles for the first time. This journal has not only given an inclination to our past school instincts but also given us an additional advantage of SAVING PAPERS. With these rejuvenating ideas , we have indeed saved a lot of papers, ink gum and the list goes on . I hope that you all would enter a new realr of fond memories and reinvigorate yourselves after reading this wonderful publication.In these crucial circumstances I would like to give you all a very effective message which is – " DEFEAT IS IN MIND , RESILIENCE IS IN SOUL" STAY HOME STAY SAFE –

WHY I NEED TO BE CHILDISH?!

The topic itself is quite childish, isn't it?

"CHILDISHNESS? I THINK IT NOTHING BUT ONE'S SENSE OF HUMOUR" -Walt Disney

Don't you think he is correct? I mean, just think...why is being childish so important?

Okay, lets do an imaginative experiment here. Imagine all the people in the world become so intelligent that they can speak flawless, fluent and civilized English like Mr. Shashi Tharoor. Of course I don't want to point out fingers at urbane people like him, but just think how would the world be!!

All people just like bureaucrats or sun glassed bodyguards who behave like not caring about a sole person on this earth. Mean, grave and grim expressions. Let's leave that for a moment.

Now imagine of a world exactly as you read this.

You have a witty neighbour with you who asks "ARE YOU READING A BOOK?" when you are reading 'the Hounds of Baskervilles'.

Annoying right?! But I can bet you, you will miss this childish behaviour once it's gone.

Being childish, bringing your inner child out is so very important for our stress management. Being one innocent minded, notorious, prank making jokester is necessary for our mental health.

Pablo Picasso who is referred to as one of the most revered painters and artists of all time due to his imagination and sense of seeing things which others couldn't; but here's the catch. His work is often compared to one of the children. Why is it so...? Picasso wanted to give us a message that we couldn't understand for several years. His motto was so simple; to give the world visual pleasure using his paintings as a source. He wanted to keep the world at the bay, away from tension and stress. He wanted them to be a child, nothing more but just for a couple of seconds atleast.

Now I think we are clear with comparison of both the conditions and comparisons. So...why not gift ourselves some stupidity of childlike behaviour to make our and possibly others' lives a bit more relaxing.

--Atharva Shaligram

Journey towards success....

Being successful is the desire of all of us residing over this lovely planet. It does not matter whether the concerned people is a child , youth, the old aged, at each and every stage of our wide life span , it is our inbuilt desire to be successful and proceed forward consistently towards more massive success. The mentality of competing with each other can frequently be noticed at any of the places including schools, colleges ,working places,etc. As a comparison to our efforts towards the work to get success, we often expect much more and want success to knock our doors very soon .. If in case, it does not happen ,we use to get frustrated and finally get inside the darkness of inferiority. As we are at the growing stage, success and failure will tackle our life ,but it is in our hand that how to colour up our life ... Nobody in the world become successful without facing failure.. It is in our hand to overcome the failure or become depressed.. Let's talk about a famous personality: Walt Disney He has been known as one of the famous cartoonist and creator of famous cartoon creatures such as Micky mouse , Donald duck, etc to name a few .He even failed several times in his life . His unsuccessful attempt to join armed forces finally forced him to drop out of the schools and leave his further studies. His initiative Laugh-O-Gram Studios even went bankrupt and finally ,after joining a newspaper agency named Missouri Newspaper, he was fired because of not being creative enough as per the expectation ... Success is the result of key determination and concentration while moving ahead in the path of workings..

Marks , marks and marks !

Marks – the only word that the most of us speak . Then according to this saying " SMART MINDS SPEAK OF IDEAS , AVERAGE MINDS SPEAK OF EVENTS , AND SMALL MINDS SPEAK OF PEOPLE. " most of us lie in the third category. If not marks marks many learners talk about updates of games , songs , videos and what not ? But does any one brain storm anything ? No , all of us are so busy that from our hectic schedule we somehow get time. And in that time we have to enjoy . There's no time to crack our brain , isn't it ? There are hardly some who act out of the box . Only the one's who have a scientific bent of mind can possess such a quality . The idea can be as small as a drop to as large as an ocean . Many think that being with these people is a hard nut to crack . But according to me it isn't . In this competitive world all run behind marks , but no one cares for excellence . Marks just help you till the 12th standard but after it your personality will help you till death . If you want to reserve a place in this competitive world then whatever you do , do your level best . Never care for marks . If your seed is best so is your fruit . Let us take the example of the scientist who made revolutionary work in the science of physics . He is best known for the theory of relativity. He is none other than Albert Einstein . He was a poor student and some of his teachers thought that he might be retarded.Fluency was absent in his language . He disliked school and just as he was planning to find a way to leave without hurting his chances for entering a university his teacher expelled him because his bad attitude was affecting his classmates. But he did not sink in the sea of depression . He kept on going and one day .....he met success ! Solely marks do not contribute in your success but your personality and thinking ability does. Many consider themselves intelligent if they pass out with flying colours , but the smart ones excel by sharpening and making their ideas in reality step by step . So in which category do you belong ? –

Pranav Patil –

SURRENDER- MATERIAL AND SPIRITUAL

"NO MAN/WOMAN IS ABLE TO CONFINE HIS/HER DEEDS" said by Henry Ford....So motivating... Thought of giving a positive note as readers comprehend this document.

Let me give you a hint about my topic by illustrating an incident. Suppose it's the final of the French open and Rafael Nadal is yet to play it, and if he wins it, it will be his record breaking win, and he is truly exhorting to win the match. He goes to a church on the day of the finals and leans in front of god saying, "God I am praying to you to make me win the match and for that, I will pray to you for the whole night." Do you think his prayers would work if he doesn't go to the court at all? No they won't. In order to win, he must go and play. So the topic of this piece of writing is surrender. This word would create an image of a war or a battle in front of you. That's what a surrender is related to, isn't it? Well, it is certainly not. Surrender is so esoteric that once you understand it will make you exhilarated but simultaneously calm. So let us brainstorm on it.

In our life, we tend to get scared of something or the other, but actually, the fear is in the form of interrogations like, "What would happen if I fail? Do I have the resources? What would the society think about me...?" Isn't it? So, surrender, rather than surrendering in a battlefield means to stop caring about the consequences of an event. When I am oblivious about the outcomes, I just care to enjoy and learn and in the pursuit of it, defeat fear. Taking myself as an example, once I understood that the roots of all my fears lie in caring about the consequences, I surrendered to god that I will pursue something and would persevere for it too, but would surrender the consequence of it to you.

Life doesn't facilitate us with all that we need, so, understanding life is a feat in itself. Now, I sit down calmly, and stare at all my memories, finding nothing....but everything.

Discipline

For self-improvement As a matter of truth, discipline and nature are synonymous with each other and if anything occurs that defies or interrupts the ordinary in nature, it becomes a calamity, and likewise life without discipline can become chaotic. Discipline is not only important but also vital for every civilised society. The word 'discipline means any training aimed at improving moral character or generating a clear pattern of conduct agreed by afferent institutions and society. In the word 'discipline' here if-discipline is generally considered to be the best type of discipline instead of being strictly adhered to as a formal code of behaviour, it denotes a mechanism of natural development and learning of ways of monitoring oneself. Self-discipline is directly linked to the idea of independence and encouragement. Discipline becomes a normal way of life if a child is encouraged and given the right to choose. Discipline is misunderstood and misinterpreted in modern times by certain students. Discipline is not a concept that is confined solely to institutions such as schools and colleges. Nor is it a tool or instrument in the hands of adults to govern the younger generation or in other words, to pursue unquestionable obedience. Discipline is neither suppression nor a means of asserting one's authority, but rather it is a person's intrinsic incentive to regulate oneself, one's feelings, and desires and to live in a uniform and orderly way.

The “finest hours ”

means the most important time. Time is free for everyone, however no one can buy Or sell it. Time is like running water, which constantly Progresses and never comes back. We are 10th standard students and the time right now We have is very important. We should be timed according To time and do all work in time. Time is the worst thing on Earth for the people wasting it. Our whole life revolves Around time. As a student we are at peak of our lives and our today is going To decide our tomorrow. How should we manage time ?The Critical success factor in life is time management. • Set goals correctly which are achievable and measurable. • Prioritize wisely and set a time limit to complete a task. • Organize yourself. • Remove non-essential tasks. The best time to do anything is today or ‘present ’.‘The two most Powerful warrior are patience and time‘.Time isn’t the main Thing. It is the only thing. And right now it’s time to be serious. Get ready for punching Exam’s in their faces. Work hard, set alarm, wake up early STUDY HARD and at the end say SURPRISE. If you put TIME +EFFORT you will see the RESULTS. Good Luck!!! - Ruchika Shekokar

THE KARGIL GIRL:-

GUNJAN SAXENA. Gunjan Saxena was Born in a Army Family in Lucknow,India. From a Very young age Gunjan wanted to join Indian Air Force(IAF). Gunjan had done her Graduation from Hansraj College in New Delhi. & After Completing her Graduation She Realized Her Dream. But as we Know That There were too many Complications for the Admissions of Womens in Army. But Despite of having several Medical as well as Physical issues she was Finally Selected, To lead the Brefiengs at Udhampur IAF Headquarters. She Was the only Women there as a Air force officer. She was soon called upon to help the IAF for a Rescue operation during the Kargil War of 1999 between India and Pakistan. They were required to fly very close to Pakistan-Dominated territories in Srinagar to rescue the Indian soldiers. She along with Flight Lieutenant Srividya Rajan rescued soldiers during the Kargil War in 1999. The mission for what Gunjan was called was Successfully Accomplised as well as she narrowly, Missed an Attack by the enemy missile. But despite of this, her focus was on Ensuring the Indian Soldiers Safely and for this bravery she was Honoured with' Shaurya' Chakra award and with This Bravery She was known to be as a " KARGIL GIRL". And there was a movie directed by karan johar and The Role of officer Gunjan Saxena was lead by Jhanvi Kapoor,And from this movie we came to know about our Brave girl Gunjan Saxena. In the 90s though Gunjan Saxena served as a short service commissioned officer but today women in the air force have a permanent commission. So we salute you maam despite of having so many complications you achieved your dream.. IF ANY MISTAKES PLS REGRET .

Experience Is The Best Teacher

When one man passes through colossal and difficult obstacles then he knows the value of life and how to deal with issues. If a man lives in comfort zone then he i in oblivion. He is blind to the surroundings. He doesn't know the importance of life. Dr A.P.J. Abdul Kalama saic that Experience is the best teacher in our.' Experience teaches us the failures and success. It emphasis on the people who are unknown to the world. It is the greatest teacher in our life which takes exam first and gives lessons after it. This tact is used by experience. It is an abstract noun means we can't touch and see it. This matures the unknown people. It also gives rigorous punishment to us when we are in jeopardy by our own mistake. We afterwards make it correct. It also gives lessons to the people who really want to deal with the man of straw people. He also teaches to communicate with irritating person. The lessons we learn from our experiences are forever. It builds us each day and make us wiser than before. We grow with experiences of our life. We fall, we fight and we stand against all odds. One should throw away the bad experience but save the lessons forever.

MY ROLE MODEL

There are many people in the world who blindly follow anyone. Also, they admire and love that person, no matter what he /she does. A role model is one who inspires you to be like him/her. Moreover, a role model is the person you love and want to be like him. Besides this, the role model can be anyone from a celebrity to a common man. The missile man of India DR. A. P. J. ABDUL KALAM is my role model. He is my role model not because he has achieved great things in life and became the president of the India. He is my role model because he dedicated his entire life to the country and it's people especially the school children. There are certain qualities of good role model which makes him / her a great man / women. These qualities include a demonstration of confidence and leadership, communication with everyone, being unique showing respect to concern for others, treating everyone equally, willingness to admit mistakes and maintaining the same character inside or outside the job. If a person possess these qualities then he/she can be an ideal role model Because of such work / things DR. A. P. J. ABDUL KALAM is my role model and I want to be like him.

Playing With Nines (9999999999999999999)

Did You Know that 9 is a very special number???
now let's discuss about some of the patterns that the number 9 follows

$91^2 = 8281$
$92^2 = 8464$
$93^2 = 8649$
$94^2 = 8836$
$95^2 = 9025$
$96^2 = 9216$
$97^2 = 9409$
$98^2 = 9604$
$99^2 = 9801$

$991^2 = 982081$
$992^2 = 984064$
$993^2 = 986049$
$994^2 = 988036$
$995^2 = 990025$
$996^2 = 992016$
$997^2 = 994009$
$998^2 = 996004$
$999^2 = 998001$

How to find square of a two digit number having 9 at tens place.

Here in the right you can see the pattern.

The first two digits of the square number are the consecutive even numbers and the last two digits are the squares of 1 to 9 in the descending order.

Also, this pattern follows for the further numbers containing 9.

How to find square of a three digit number having 9 at tens and hundreds place.

Write the same square number of two digit number as above. Add a 9 before the number and 0 before the last two digits.

AVADHOOT SWAGI

Scanned with CamScanner

Now Generalizing the pattern for finding the squares of the numbers having 9 at tens place, hundreds place, thousands place, and so on.

$\underline{999}91^2 = \underline{999}\mathbf{82}\underline{000}\mathit{81}$ $\underline{99999}7^2 = \underline{9999}\mathbf{94}\underline{0000}\mathit{09}$ $\underline{99999}3^2 = \underline{9999}\mathbf{86}\underline{0000}\mathit{49}$ $\underline{9999999}6^2 = \underline{99999}\mathbf{92}\underline{00000}\mathit{16}$ $\underline{99999999}4^2 = \underline{9999999}\mathbf{88}\underline{0000000}\mathit{36}$	Here, You can observe that the number of nines underlined in the question is same as the number of nines and number of zeroes in the answer, that is squared number.

$\underline{999999999999999999999}97^2 =$

$\underline{999999999999999999999}\mathbf{94}\underline{000000000000000000000}\mathit{09}$

Regret for any spelling / typing mistakes

Brain Teaser

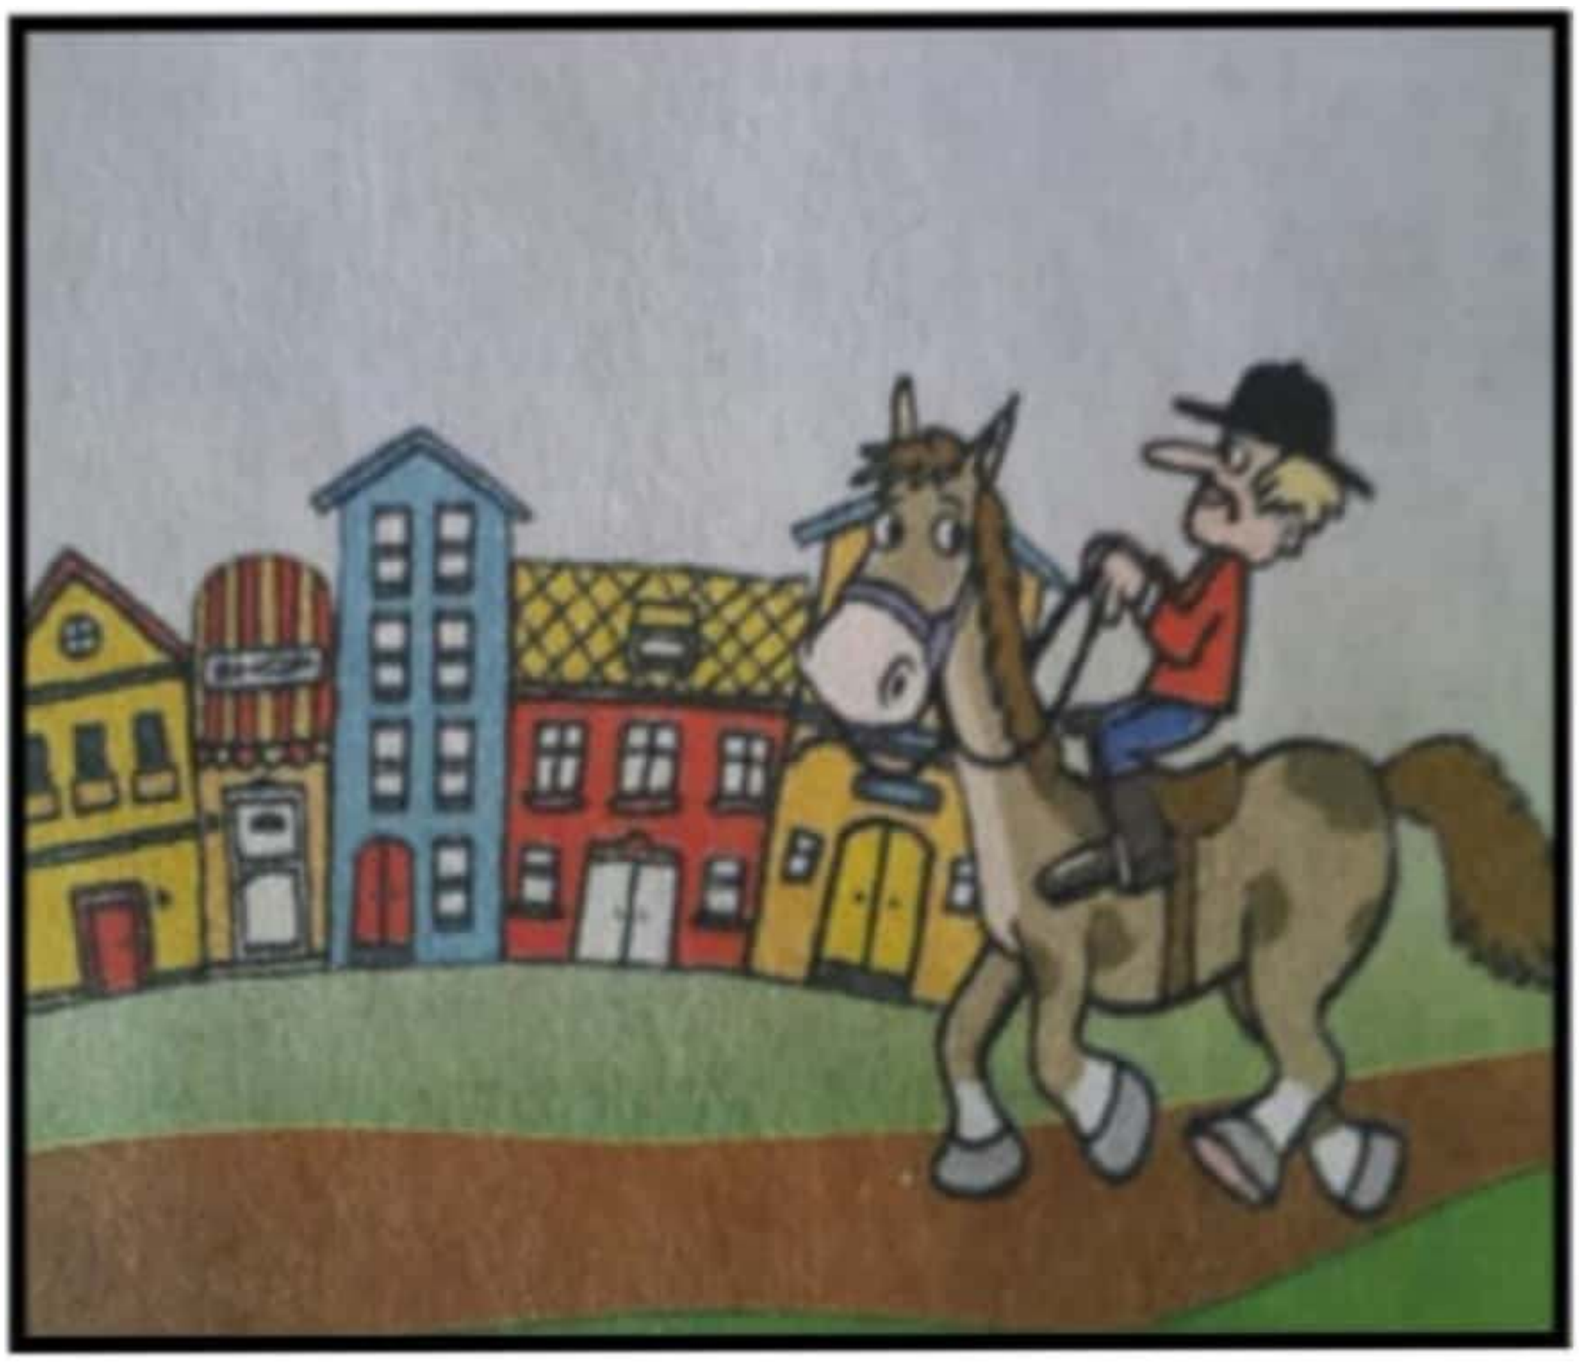

Calculate the time

A plane leaves for Ahmadabad every 50 minutes from Mumbai. Mr tony reaches the airport where the airline staff tells him that the plane for Ahmadabad took off 25 minutes ago and that the next plane is scheduled to leave at 7:00 p.m. Can you find out at what time the airline staff conveyed this information to Mr Tony?

Answer: 6:35 pm .Time of last missed plane = 7:00pm – 50min = 6:10pm. This information has been given to Mr Tony, 25min after the plane has left, so the airline staff gave the information at 6:10pm + 25min = 6:35pm

Lets Conclude

We all, from last 9 months are enforced to stay indoors because of the big evil 'CORONA '. Corona has proved that everything around us is so temporary. Our lives always revolved around our school, friends, teachers etc. and it all has gone for a toss as we are learning to live without them. All of us became very bored and wanted to have something new in our life. But as said by Joseph Kennedy,

"WHEN THE GOING GETS TOUGH, THE TOUGH GET GOING"

Everything will be alright.

But still to uplift your mind and soul, we brought to you our '**E-MAGZINE** 'through this virtual medium. Hope you all must have enjoyed reading the articles written by our fellow friends. This magazine will help you to rejuvenate yourself and guide you to achieve your goals and always remember,

'THE HARDER YOU WORK FOR SOMETHING, THE GREATER YOU WILL FEEL WHEN YOU ACHIEVE IT'

Lastly, I would like to thank our Principal Sister Flora, our Class Teacher Renu tr. and all the other members of the staff who have given us this opportunity. Also, I would like to thank all the Readers for their precious time to read our magazine.

STAY HOME, STAY SAFE

THANK YOU.
